

MARCH 2026

PRAYER FOCUS

Thank you for your faithful prayers for Global Care! This month, we are praying for our partners in Sri Lanka, Uganda, Syria and Zambia, for safe travelling for staff members, and for the continued success of our Lent Appeal. As always, we thank God for His faithful provision for the work of Global Care, and for the generosity of our supporters.

1-7 MARCH

8-14 MARCH

WEEK ONE

This week, we pray for our work in Sri Lanka, where CEO John White is visiting (1-6 March).

Please pray for:

- safety, good health and energy for John as he travels
- wisdom for John as he meets with our partners to discuss projects
- wisdom and resources for our partners, Community Concern as they seek to meet the needs of desperately vulnerable families
- the staff and children of the Morning Star Care Centre, giving thanks for the decades of support this project has delivered.

WEEK TWO

This week, we pray for our work in Zambia, led by our partners, the New Life Action Foundation Trust (NLAFT).

Pray for:

- wisdom and resources for NLAFT
- progress in developing M8 primary school, where over 750 pupils share just four classrooms
- a more reliable electricity supply - loadshedding is very disruptive
- give thanks for solar lamps delivered first in 2025, which have been hugely welcomed
- protection and progress for our sponsored children.

Lent Appeal 2026

We want to build a transitional home for boys aging out of our partner's shelter for abused and abandoned children in Zimbabwe. Children are

forced to leave at 18, due to social services safeguarding rules, but an abrupt move to independence can derail the progress they have made. Find out more at globalcare.org/Lent-2026

15-21 MARCH

WEEK THREE

This week we pray for our work and staff teams in Uganda, where Head of Operations, Steve Wicking, is visiting.

Please pray for:

- safety, good health and energy for Steve as he travels
- wisdom as Steve meets with the Uganda Board, country manager and Rukungiri team
- wisdom for Country Manager David as he develops his role
- blessing and opportunities for our sponsored children
- continued effectiveness and growth in work with families affected by disability.

22-31 MARCH

WEEK FOUR

This week, we pray for our partners in Syria, where CEO John White is visiting (22-27 March). Give thanks for the wonderful Hope Centre team!

Please pray for:

- safety, good health and energy for John as he travels
- wise and positive conversations
- discreet opportunities for John to meet families
- blessing and continued protection for the Hope Centre team
- effective action to heal trauma and increase resilience in children
- stability and safety for families.

Helping Hussain

*Hussain's family home in Homs was destroyed by bombing. Now they live in two rooms in Damascus, plagued by damp. Hussain dropped out of school after he was beaten by

other students following a long period of bullying. When he first came to the Hope Centre he refused to interact with other children. His literacy and numeracy skills were very weak. Now he is making progress academically and, after building trust with the Hope Centre team, is beginning to make some friends.
